Gary – Thank you. The pressure readings for this year are interesting. Don – Pls make sure others are aware this updated animation is available, if you think appropriate.

Subject: Bridgeton Updated Info

Jeremy – I don't know how easy it is to update the animation files you developed for us. We've received data for Jan – June, so I updated the spreadsheet. I thought I'd share it with you with the hope you will have time to update the animation files.

Take Care,

Gary Bertram
